

2024 Operation Round Up Recipients

The Operation Round Up program is a voluntary community support program that allows member-owners to round up their electric bills to the nearest dollar. The funds support a wide range of local charitable, educational, community, and youth programs and events. Members can track their contributions with monthly and year-to-date totals printed on their billing statements. Donations to Operation Round Up are tax-deductible.

Royal Historical Society

Thank You

to our member-owners for supporting the Operation Round Up. Approximately \$52,000 in grants have been awarded to local organizations this year because of you! **Together we are making a difference!**

Do you know an organization that could benefit from an Operation Round Up Grant?

Charitable donations are made by the Iowa Lakes Electric Members Charitable Foundation to worthy projects within Iowa Lakes Electric Cooperative's eight-county service territory. All 501(c)(3) organizations are eligible to apply for Operation Round Up Funds. The Foundation Board meets quarterly in January, April, July, and October to review the grant applications. Deadline for submitting grant applications is the first day of these months.

Grant guidelines and application can be found on the Cooperative's website, www.ilec.coop.
